Corporate Governance

Does AutoZone have Corporate Governance Principles?

In 2001, our Board of Directors adopted Corporate Governance Principles to govern the operation of the Board and to assure that the Board was focused on stockholder value. You may find a copy of our Corporate Governance Principles on our corporate website at <http://www.autozone.com>.

How many independent Directors does AutoZone have?

Our Board of Directors has determined that eight of our current ten directors are independent: Charles M. Elson, Marsha J. Evans, Earl G. Graves, Jr., N. Gerry House, James F. Keegan, Edward S. Lampert, W. Andrew McKenna, and James J. Postl. All of these directors meet the independence standards of our Corporate Governance Principles and the New York Stock Exchange.

How does AutoZone determine whether a Director is independent?

In accordance with AutoZone's Corporate Governance Principles, a director is considered independent if the director:

- has not been employed by AutoZone within the last five years;
- has not been employed by AutoZone's independent auditor in the last five years;
- is not, and is not affiliated with a company that is, an adviser, or consultant to AutoZone or a member of AutoZone's senior management;
- is not affiliated with a significant customer or supplier of AutoZone;
- has no personal services contract with AutoZone or with any member of AutoZone's senior management;
- is not affiliated with a not-for-profit entity that receives significant contributions from AutoZone;

Table of Contents

- within the last three years, has not had any business relationship with AutoZone for which AutoZone has been or will be required to make disclosure under Rule 404(a) or (b) of Regulation S-K of the Securities and Exchange Commission as currently in effect;
- receives no compensation from AutoZone other than compensation as a director;
- is not employed by a public company at which an executive officer of AutoZone serves as a director;
- has not had any of the relationships described above with any affiliate of AutoZone; and
- is not a member of the immediate family of any person with any relationships described above.

In determining whether any business or charity affiliated with one of our directors did a significant amount of business with AutoZone, our Board has established that any payments from either party to the other exceeding 1% of either party's revenues would disqualify a director from being independent.

Did any of AutoZone's directors attend fewer than 75% of the meetings of the Board and their assigned committees?

Copies of the By-laws will be provided upon written request to AutoZone's Secretary. However, new rules have been proposed by the SEC but are not final yet.

What are directors paid?

Until June 2003, all non-employee directors were paid an annual retainer of \$25,000 in quarterly installments, plus \$1,000 for each Board meeting attended. Effective in June 2003, meeting fees were eliminated and all non-employee directors are paid an annual retainer of \$40,000 per year, with the Audit Committee chairman receiving an additional \$10,000 and the chairmen of the Compensation and Nominating and Corporate Governance committees receiving an additional \$5,000 per year. Mr. Lampert has waived his right to receive the additional retainer as Compensation Committee chairman. Under the AutoZone, Inc. 2003 Director Compensation Plan, a non-employee director may receive no more than one-half of the annual retainer and meeting fees immediately in cash, and the remainder of the fees must be taken in common stock or may be deferred in units with value equivalent to the value of shares of common stock as of the grant date (also known as "stock appreciation rights" or "SARs").

Do the directors receive stock options?

Under the AutoZone, Inc. 2003 Director Stock Option Plan, on January 1 of each year, each non-employee director receives an option to purchase 1,500 shares of common stock, and each non-employee director that owns common stock worth at least five times the annual fee paid to each non-employee director on an annual basis will receive an additional option to purchase 1,500 shares of common stock. In addition, each new director receives an option to purchase 3,000 shares upon election to the Board of Directors, plus a portion of the annual directors' option grant prorated for the portion of the year served in office. These stock option grants are made at the fair market value as of the grant date.

PROPOSAL 2-Ratification of Independent Auditor

Ernst & Young LLP, our independent auditor for the past sixteen fiscal years, has been selected by the Audit Committee to be AutoZone's independent auditor for fiscal year 2004. Representatives of Ernst & Young LLP will be present at the Annual Meeting to make a statement if they so desire and to answer any appropriate questions.

During the past two fiscal years, the aggregate fees for professional services rendered by Ernst & Young LLP were as follows:

	2003	2002
Audit Fees	\$562,954	\$ 469,758
Audit-Related Fees	-	-
Tax Fees¹	617,357	1,160,234
All Other Fees²	-	33,434

¹Tax Fees for 2003 and 2002 were for tax compliance assistance and assistance with audits and tax planning, which for 2003 consisted of \$149,795 for tax compliance assistance and \$467,562 for assistance with audits and tax planning.

²All Other Fees for 2002 were for energy advisory services.

The Audit Committee pre-approves all services performed by the independent auditor under the terms contained in the Audit Committee Charter which is attached to this Proxy Statement as Appendix A. The Audit Committee pre-approved 100% of the services provided by Ernst & Young LLP during the 2003 fiscal year. The Sarbanes-Oxley Act, which became effective during the 2003 fiscal year, requires all services provided by the independent auditor to be pre-approved by the Audit Committee. During fiscal year 2002, these rules were not yet in effect; however, our policy had been to obtain Audit Committee pre-approval on audit fees, which represented 28% of the fees paid to Ernst & Young during fiscal year 2002. The Audit Committee considers the services listed above to be compatible with maintaining Ernst & Young LLP's independence.

For ratification, the auditor must receive more votes in favor of ratification than votes cast against. Abstentions and broker non-votes will not be counted as voting either for or against the auditor. However, the Audit Committee is not bound by a vote either for or against the auditor. The Audit Committee will consider a vote against the auditor by the stockholders in selecting auditor in the future.

The Audit Committee recommends that you vote FOR ratification of Ernst & Young LLP as independent auditor.

Audit Committee Report

The Audit Committee of AutoZone, Inc., has reviewed and discussed AutoZone's audited financial statements for the year ended August 30, 2003, with AutoZone's management. In addition, we have discussed with Ernst & Young LLP, AutoZone's independent auditing firm, the matters required by Codification of Statement on Auditing Standards No. 61, the Sarbanes-Oxley Act of 2002, and other matters required by the charter of this Committee.

The Committee also has received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, and we have discussed with Ernst & Young LLP their independence from the Company and its management. The Committee has discussed with AutoZone's management and the auditing firm such other matters and received such assurances from them as we deemed appropriate.

As a result of our review and discussions, we have recommended to the Board of Directors the inclusion of AutoZone's audited financial statements in the annual report for the year ended August 30, 2003, on Form 10-K for filing with the Securities and Exchange Commission.

While the Audit Committee has the responsibilities and powers set forth in its Charter, the Audit Committee does not have the duty to plan or conduct audits or to determine that AutoZone's financial statements are complete, accurate, or in accordance with generally accepted accounting principles; AutoZone's management and the independent auditor have this responsibility. Nor does the audit committee have the duty to assure compliance with laws and regulations and the policies of the Board of Directors.

Earl G. Graves, Jr.
W. Andrew McKenna
James Postl

Compensation Committee Report on Executive Compensation

The executive compensation program is designed to attract and retain executives who are key to our long-term success. In this process, we want to align an executive’s compensation with AutoZone’s attainment of business goals and the increase in stockholder value. The Compensation Committee reviews executive compensation annually and makes appropriate adjustments based on company performance, achievement of predetermined goals, and changes in an executive’s duties and responsibilities. The compensation of other AutoZone employees is based on a similar philosophy.

Compensation Philosophy

Executive compensation consists of salary, bonus, and stock options.

Salary. The Compensation Committee desires that overall compensation reflect each executive’s performance over time. Base salaries are then set at levels determined by the Compensation Committee to adequately reward and retain capable executives.

At the beginning of each fiscal year, the Compensation Committee reviews and establishes the annual salary of executive officers. The Committee makes an independent determination of the appropriate level of these officers’ salaries taking into consideration the salary ranges recommended for a particular position by outside compensation consultants, and each executive officer’s performance for the past fiscal year.

[Table of Contents](#)

Bonus. Each fiscal year executive officers are paid a bonus based on the attainment of goals set by the Compensation Committee. The goals for fiscal year 2003 were based on AutoZone's earnings before interest and taxes (EBIT) and return on invested capital (ROIC). The Compensation Committee establishes a bonus payout matrix at the beginning of the fiscal year granting higher rewards as a percentage of annual salary as milestones shown on the matrix are achieved. The better AutoZone's performance, the higher the bonus payout. As a general matter, as an executive's level of management responsibility increases, the portion of his or her total compensation dependent on Company performance as measured by business goals increases.

Stock Options. To align the long-term interests of management and our stockholders, the Compensation Committee awards stock options to many levels of management, including some individual store managers. Stock options may be granted to executives upon initial hire and thereafter annually in accordance with guidelines established by the Committee. The guidelines allow for a range of potential option shares to be granted for each position, with the actual grant determined by the performance of the individual in the position.

CEO Compensation

AutoZone's Chief Executive Officer, Steve Odland, received an annual base salary in fiscal year 2003 of \$946,154. He was also paid a bonus of \$1,561,154, which was calculated in accordance with the bonus matrix discussed above. The bonus paid was a result of the increase in EBIT to \$918 million from \$771 million and an increase in ROIC to 23.4% from 19.8%.

Tax Deductions for Compensation

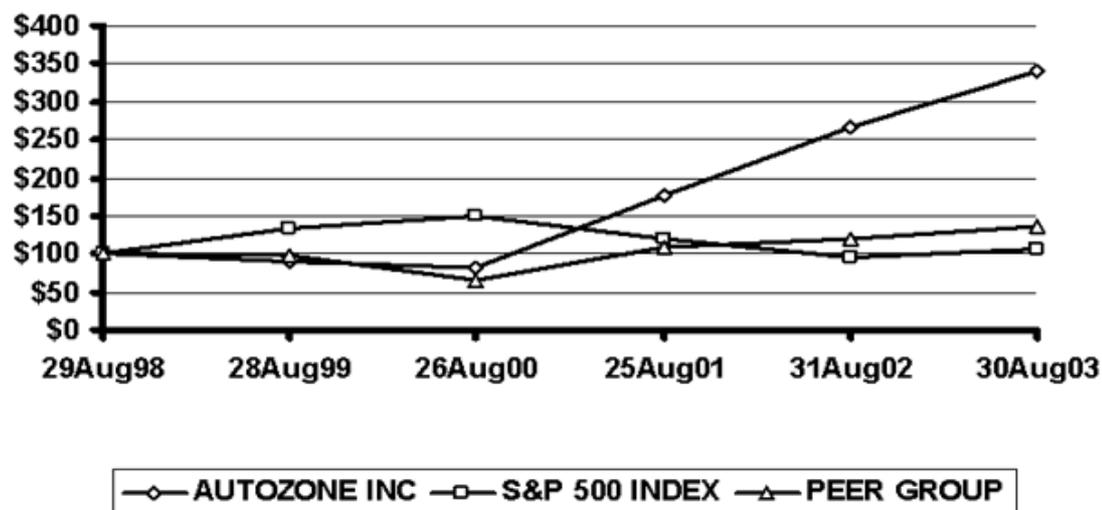

The federal tax code limits the amount of compensation that we may deduct in any year for the Chief Executive Officer and our other four most highly paid officers to \$1 million. However, this deduction limitation does not apply to performance-based compensation as defined in the tax code. Our compensation plans are generally designed and implemented so that they qualify for deductibility. However, we may from time to time pay compensation to our executive officers that may not be deductible.

This report was unanimously adopted by the Compensation Committee.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

When Mr. Odland was hired in 2001 we entered into an employment agreement which expires on January 29, 2004. On October 23, 2003, the agreement was amended and restated to provide for a term expiring on December 31, 2007, unless terminated earlier as discussed below. After 2007, Mr. Odland’s employment shall be at will and may be terminated by AutoZone or Mr. Odland at any time. The amended agreement provides that Mr. Odland will serve as Chairman of the Board and Chief Executive Officer at a minimum base salary of \$1 million and a minimum bonus eligibility of 100% of base salary in accordance with our Executive Incentive Compensation Plan. In addition, the amended agreement provides that the vesting of any future grants of stock options or other equity compensation accelerate upon a termination of Mr. Odland’s employment by AutoZone without cause or by him for good reason or upon a change of control (collective, a “covered termination”) and that he generally shall have 90 days to exercise such options or other equity compensation. If the agreement is terminated at any time before 2008 in a covered termination, Mr. Odland shall remain an employee of AutoZone, shall perform services as requested by the Chief Executive Officer and shall continue to be paid his base salary until December 31, 2007, but

not longer than three years (defined in the agreement as the “continuation period”), plus any earned and unpaid bonus for the prior fiscal year and a full bonus for the fiscal year in which the agreement is terminated. At the end of the continuation period Mr. Odland’s employment shall terminate and he shall receive an amount equal to 2.99 times his then current base salary (less amounts paid to him as salary during the continuation period) and continued health insurance coverage generally until the third anniversary of the termination of the agreement (collectively, the “severance benefits”). If Mr. Odland’s employment is terminated after 2007 in a covered termination, his employment shall cease immediately and he shall receive the severance benefits. In all cases, after the termination of the agreement or Mr. Odland’s employment, Mr. Odland shall not compete with AutoZone or hire or encourage others to hire any of our employees for a period of three years. Under the agreement, “good reason” means a failure by AutoZone to provide the benefits provided in the agreement, any material adverse change in the status, responsibilities, perquisites (other than changes that apply to all executive officers as a group), the occurrence of any event that would cause Mr. Odland to cease to be Chairman or CEO, requiring him to report to anyone other than the Board of Directors, assignment of duties inconsistent with his position as Chairman or CEO, relocation of AutoZone’s principal office more than 60 miles from its current location, failure by AutoZone to assign the agreement to any successor of AutoZone, failure of a successor of AutoZone to assume the agreement or any other material breach of the agreement by AutoZone. Under the agreement “cause” means the willful engagement by Mr. Odland in conduct which is demonstrably and materially injurious to AutoZone as determined by the Board of Directors in good faith. Under the agreement, a “change of control” will occur upon either the acquisition by any person, entity or group of enough of AutoZone’s outstanding securities to allow the person, entity or group to be entitled to control 51% or more of the combined voting power entitled to vote for AutoZone’s Board of Directors on a regular basis, or the sale of all or substantially all of AutoZone’s assets that does not result in pre-transaction beneficial owners of AutoZone’s capital stock receiving (i) a number of securities allowing them to control 51% or more of the combined voting power entitled to vote for the acquiring company’s board of directors (or the board of directors of the acquiring company’s parent company, if one exists) on a regular basis or (ii) a number of securities representing a majority of the total combined equity of the acquiring entity, if not a corporation.

Mr. Goldsmith has an employment agreement providing that he is employed by AutoZone as Senior Vice President, General Counsel, and Secretary at a minimum base salary of \$216,000 and a minimum bonus eligibility of 60% of base salary at predetermined targets. Mr. Longo has an employment agreement providing that he is employed by AutoZone as a Senior Vice President at a minimum base salary of \$225,000 and a minimum bonus eligibility of 50% of base salary at predetermined targets. Mr. Olsen has an employment agreement providing that he is employed by AutoZone as a Senior Vice President at a minimum base salary of \$285,000 and a minimum bonus eligibility of 60% of base salary. All minimum salaries and bonuses are subject to increase by the Compensation Committee. All agreements continue until terminated either by the executive or by us. If an agreement is terminated by us for cause, or by the executive for any reason, the executive will cease to be an employee, and will cease to receive salary, bonus, and other benefits. If an agreement is terminated by us without cause, Mr. Goldsmith and Mr. Longo will remain employees for three years after the termination date, Mr. Olsen will remain an employee for two years after the termination date, and each will continue to receive his then-current salary and other benefits of an employee, and will receive a prorated bonus for the fiscal year in which he was terminated, but no bonuses thereafter. If an executive officer is terminated from his position by us or by the executive for reasons other than a change in control, then the executive will be prohibited from competing against AutoZone for the period of time after the termination date. “Cause” is defined in each agreement as the willful engagement by the executive in conduct which is demonstrably or materially injurious to AutoZone, monetarily or otherwise. “Change in control” in each agreement means either the acquisition of a majority of our voting securities by or the sale of substantially all of our assets to a non-affiliate of the company.

- H. The audit committee shall review the legal and regulatory matters that may have a material effect on the organization's financial statements, compliance policies and programs.
- I. The audit committee shall review the quality, effectiveness and appropriateness of AutoZone's accounting practices and critical accounting policies.
- J. The audit committee shall review the interim financial statements with the CEO and CFO and other appropriate members of management and the independent auditor prior to the filing of AutoZone's Quarterly Report on Form 10-Q, and shall review with the CEO and CFO the contents of any required certification related to the filing of the Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditor under generally accepted auditing standards.
- K. The audit committee shall review with the CEO and CFO and other appropriate members of management and the independent auditor the information to be included in AutoZone's Annual Report on Form 10-K including their judgment about the quality, not just acceptability, of the critical accounting policies and practices, the reasonableness of significant judgments, the alternatives available to AutoZone for applying different generally accepted accounting principles and the effect and desirability of such alternatives and the independent auditor's preferred treatment, and the clarity of the information disclosed. The committee shall also review with the CEO and CFO the contents of any required certification related to the filing of the Form 10-K. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditor under generally accepted auditing standards, by law, as required by the Securities and Exchange Commission, or the New York Stock Exchange.

The Committee shall inquire as to whether management is taking appropriate corrective action.

- K. The audit committee shall review the scope and plan for the external audit and internal audits for the year.
- L. The audit committee shall review and report to the Board on compliance with the Foreign Corrupt Practices Act and AutoZone's policies on business integrity, and ethics and conflict of interest.
- M. Any retention of the independent auditor (or any affiliate of the independent auditor) for any non-audit service, and the fee for such service, shall be approved by the audit committee prior to the engagement. The independent auditor shall not be retained for the purpose of performing:
- bookkeeping services or other services related to the accounting records or financial statements of AutoZone;
 - financial information systems design and implementation;
 - appraisal or valuations services, fairness opinions, or contribution-in-kind reports;
 - actuarial services;
 - internal audit outsourcing services;
 - management functions or human resources;
 - broker or dealer, investment adviser, or investment banking services;
 - legal services and expert services unrelated to the audit; or
 - any other service as prohibited by law, the Securities and Exchange Commission, the New York Stock Exchange, or the Public Company Accounting Oversight Board.

In making its consideration for approval, the Audit Committee shall consider:

- Whether the service is being performed principally for the audit committee;
- The effects of the service, if any, on audit effectiveness or on the quality and timeliness of the entity's financial reporting process;
- Whether the service would be performed by specialists (e.g., technology specialists) who ordinarily also provide recurring audit support;
- Whether the service would be performed by audit personnel and, if so, whether it will enhance their knowledge of the entity's business and operations;
- Whether the role of those performing the service (e.g., a role where neutrality, impartiality and auditor skepticism are likely to be subverted) would be inconsistent with the auditor's role;
- Whether the audit firm's personnel would be assuming a management role or creating a mutuality of interest with management;
- Whether the independent auditor, in effect, would be "auditing its own numbers;"
- The availability of alternative providers of the service and whether the project must be started and completed very quickly;
- Whether the audit firm has unique expertise in the service; and
- The size of the fee(s) for the non-audit service(s).

For purposes of this Charter, "non-audit services" shall mean services provided by the independent auditor other than those services provided in connection with an audit or a review of AutoZone's financial statements.

- N. The audit committee shall approve employment as an AutoZone officer any employee of the independent auditor that worked on AutoZone's account in the prior year before the offer of employment is tendered to the prospective officer. However, under no circumstance may AutoZone hire any person that was an employee of

Upon granting of any approval to hire a former employee of the independent auditor, the audit committee may require that AutoZone or the independent auditor, or both, develop an appropriate plan to maintain the auditor's independence.

- O. The audit committee shall annually obtain assurance from the independent auditor that Section 10A of the Securities Exchange Act of 1934 has not been implicated.
- P. The audit committee shall prepare the report required by the rules of the Securities and Exchange Commission for inclusion in AutoZone's proxy statement.

Meetings

A quorum for any Committee meeting shall be a majority of the Committee members.

The action of a majority of the members present at any meeting in which a quorum is present shall be the action of the Committee.

Notice for all meetings shall be given as required by AutoZone's Bylaws.
